Subject: Sunridge Industrial Park - COMPLETION UPDATE

Congratulations to the Sunridge Industrial Park

Design Build Team!

Team,

I wanted to reach out and personally thank you for your efforts to complete this amazing project. I was able to hand select each of your companies and essentially build with my “dream team” to complete this beautiful warehouse, yes, I called it beautiful! Your dedication to working as a team with who I consider to be our top talent, [@Seth Thompson](#), was evident and such a large reason we were so successful with our budget and timeline management. We have some exciting projects coming up in Q3 and Q4 and I can’t wait to get the plans in front of you to start building our next project TOGETHER.

Please check out the photos for this AWESOME project [here](#)! HUGE THANK YOU to all who worked on this project both field and office. Please take a moment to see what all your hard work created.

Superintendent: Seth Thompson
Project Manager: Brandon Camp
Project Engineer: Aaron Huerta
Project Coordinator: Katherine McBean
Architect: Mark Cone
Job Captain: Jonathan Evans
Project Manager – Architectural Division: Kyle Coker
Civil Engineer: Hallf Associates
Structural Engineer: Hunt & Joiner

Also, a shout out to our subs who worked on this project! We couldn't have done it without you!
